“KHYBER PAKHTUNKHWA Newly Merged Districts Gender Profile

Type of Contract: Professional Services (Consultancy Firm)

Location: Islamabad/KP– Pakistan

Duration: 16th August – 15th November (Tentative)

Payment: upon submission of approved deliverables

Supervision: UNWOMEN - Women Economic Empowerment Unit & Sustainable Livelihood (WEE&SL)

Background

Grounded in the vision of equality enshrined in the Charter of the United Nations, UN Women works for the elimination of discrimination against women and girls; the empowerment of women; and the achievement of equality between women and men as partners and beneficiaries of development, human rights, humanitarian action and peace and security. Placing women's rights at the center of all its efforts, UN women leads and coordinate United Nations System efforts to ensure that commitments on gender equality and gender mainstreaming translate into action throughout the world. It provides strong and coherent leadership in support of Member States' priorities and efforts, building effective partnerships with civil society and other relevant actors.

Women's vision is one where men and women have equal opportunities and capacities, where women are empowered and where the principles of gender equality are firmly embedded in all efforts to advance development, peace and social cohesion. UN Women's fundamental objective is to enhance national capacity and ownership to enable national partners to formulate gender-responsive laws and policies and to scale up successful strategies to deliver on national commitments to gender equality.

The Merged Districts of the Pakistan's Khyber Pakhtunkhwa (KP) Province (formerly called as the “Federally Administered Tribal Areas – FATA) span the region bordering Afghanistan and Pakistan provinces of Khyber Pakhtunkhwa (KP). They remain one of the most underdeveloped regions of Pakistan, enduring decades of marginalization, and economic deprivation. Livelihoods and employment remain a critical issue related to both social and economic development, and to matters of stability and governance.

Informed by the currently evolving context, DFID has funded a two-year programme, to be implemented jointly by FAO, UNDP, UNICEF, UN Women and led by the UN Resident Coordinator, which aims to ensure the sustainability of the return process and strengthen the social contract between the state and the citizenry.

To meet this objective, UN Women will center its work in the Newly Merged Districts (NMDs) in 5 core principles:

- 1) Providing demand-driven support to national partners to enhance implementation of international agreements and standards.

- 2) Supporting intergovernmental processes to strengthen the global normative and policy framework on gender equality.
- 3) Advocating for gender equality and women's empowerment, championing the rights of women and girls particularly those who are most excluded.
- 4) Leading and promoting coherence in UN system work on gender equality.
- 5) Acting as a global broker of knowledge and experience, aligning practice with normative guidance.

UN Women Pakistan will provide technical assistance and support to innovative approaches aimed at fostering women's empowerment and the gender equality agenda in Pakistan. UN Women is uniquely positioned to support initiatives of the government and non-governmental organizations leading towards a full realization of gender equality and women's empowerment commitments in line with the national and international gender equality and human rights commitments such as, amongst others, the Constitution, National Action Plan for Women's Empowerment as well as the Beijing Platform for Action, CEDAW, Millennium Declaration and the Millennium Development Goals.
